PSST FACILITIES REPORT:
Chief Muenz gave the PSST Facilities Report regarding the Blue Springs Public Safety Building.

Staff is working with the Parks Dept. to add a door outside of the Council Chambers to protect access to the prosecutor's office areas in the east hall. There have been some security concerns with visitors having unrestricted access to this area during business hours. This door will also require key card entry hardware.

A capital improvement project has been approved to paint certain areas inside the facility. Staff will begin listing areas that need to be repainted and work with Parks staff to obtain bids for painting.

Staff is in the process of obtaining bids for the painting. As it works out it should be possible to combine the door project with the painting project with the same contractor using the same budgeted funds. This project is now underway and painting is moving along well.

The major painting portion of the project has been completed. The door construction is underway and will be completed once the frame has arrived and is installed. The frame has been installed, waiting for the actual door now. The door is almost complete, waiting on different hardware so it will secure properly.

Facilities Report 6/20/24

Staff is working with the Parks Dept. to add a door outside of the council chambers to protect access the prosecutors officer areas in the east hall. There have been some security concerns with visitors having unrestricted access to this area during business hours. This door will also require key card entry hardware.

A capital improvement project has been approved to paint certain areas inside the facility. Staff will begin listing areas that need to be repainted and work with Parks staff obtain bids for painting.

Staff is in the process of obtaining bids for the painting. As it works out it should be possible to combine the door project with the painting project with the same contractor using the same budgeted funds. This project is now underway and painting is moving along well.

The major painting portion of the project has been completed. The door construction is underway and will be completed once the frame has arrived and is installed. The frame has been installed, waiting for the actual door now. The door is almost complete, waiting on different hardware so it will secure properly.
